Chemical Processors, Inc., Pier 91. Proposal for Monitoring,
Analysis, and Testing

Bill Adams
RCRA Compliance

John Turvey
Program Management

THROUGH: Charles W. Rice, Chief
RCRA Compliance

Please forward the attached Proposal for Monitoring, Analysis, and Testing at the Chemical Processors, Pier 91 facility to Jacobs Engineering for technical review. The proposal was submitted pursuant to a 3013 order issued to the facility by EPA. The proposal shall be evaluated for general technical adequacy and compliance with the specific requirements of the 3013 order. An RFA has been completed for the Pier 91 facility by Tetra-Tech.
